

## **Junior Intern**

- Level 1 and Level 2 Camps Run every other week. Level 1 camps are M-Th 9-4. Alternating weeks have multiple half day, specialized programming.
- Please see website for weekly schedules.
- Interns will be required to be present 8:30-4:30 on the days that they are selected to work Level 1.
- Interns who work a Buccaneer or Skallywag session may stay the whole day and get coaching during a level 2 afternoon session. Please plan to arrive a half hour before a session and stay a half hour after a session for planning and reflection.
- Level 2 half day sessions are encouraged for all of our Leadership team to attend so that they can advance their sailing skills and receive individualized coaching.
- Interns must have a valid CPR Certification by June 1. Interns who are eligible should seek to obtain their Colorado Boater's License
- Interns will be compensated \$40.00 for each day that they are present.

## **Job Description**

Work with Summer Sail Camp Lead Instructor and Junior Captains to provide a safe, fun learning environment for up to 12 children ages 8- 18 at Lake Nighthorse in Durango Colorado. Junior Interns will provide on the water support for sailing instruction.

Duties include:

- Demonstrate sailing and water safety
- Demonstrate environmental stewardship
- Assist in rigging, lead group activities on and off shore
- Lead "Chalk Talk" sailing lessons in an engaging and supportive manner
- Provide support for students as they acquire sailing skills at their own pace
- Maintain keen observation of all vessels, students and weather
- Communicate with Lead Sailing Instructor any incidences, including equipment issues
- Assist in repairs, equipment storage, launching and retrieving vessels
- Communicate student progress, celebrations and needs with parents as needed
- Support Director in general operations (boat storage, equipment inventory, Etc)

This position will require a commitment either for each date that candidate is selected to work. Ideal candidate may choose to work some sessions and not others.

Ideal candidate will have experience sailing or teaching sailing, ability to attain CPR Certification by June 1, and complete a background check by June 1. Candidate will be expected to work in a physically dynamic capacity in and out of the water and in the elements 100% of the time. This is a high intensity, hands on position, that requires laughter and high attention to surroundings. Candidate must have a flexible mindset
